

KEY FLEET PROGRAM REGISTRATION

The ACDelco Key Fleet Program (the “Program”) is designed to provide additional benefits to ACDelco fleet customers who purchase ACDelco products to service their own fleet vehicles and fleet equipment. ACDelco Customers that qualify as ACDelco Key Fleet customers will receive access to the following Program benefits:

- Technician Service Training (Hosted Seminars, access to online training)
- Technical Support Benefits* (See Key Fleet Program Benefit Sheet)
- 5% ACDelco Parts Purchase credit, based on net quarterly purchases, applied to your account with [XX], provided the minimum per quarter purchase requirement is satisfied.

The benefits of this Program are designed to increase a fleet’s efficiency and to reduce vehicle downtime and related operating expenses. To qualify as an ACDelco Key Fleet customer you must be a business or governmental unit that owns or leases fifteen (15) or more motor vehicles that are operated to conduct the business of the Fleet Account. Independent Service Centres, Retail Service Centres, Dealers, Jobbers, Warehouse Distributors or any other entities that do not meet definition are not ACDelco Key Fleet customers and are ineligible to participate in this Program.

To be eligible to participate in the ACDelco Key Fleet Program, you must satisfy the following requirements:

- Be an ACDelco Key Fleet customer, as defined above;
- Service your fleet vehicles/equipment ‘in house’; and
- Purchase a minimum of \$4,500 (before tax and net of returns) in ACDelco products per quarter from an authorized Canadian ACDelco Distributor.
- Purchases can be made from only one (1) authorized Canadian ACDelco Distributor, who is noted as the program sponsor
- Purchases outside of the one (1) sponsoring Canadian ACDelco Distributor will not be eligible towards the quarterly purchase minimums and earnback

This enrolment will not circumvent any existing parts procurement contracts. If the ACDelco Key Fleet customer does not meet the \$4,500 quarterly purchase requirement, the 5% credit will not be applied to their account. ACDelco may terminate or modify the ACDelco Key Fleet Program at any time upon 30 days’ written notice. ACDelco Key Fleet customers may withdraw from the Program at any time.

If you wish to participate in the ACDelco Key Fleet Program, please sign in the space provided below indicating you have read, understand and agree to adhere to the Program requirements.

**Some Program Benefits may require additional fees and are dependent upon each fleet meeting the specific qualifiers for each, as outlined by the respective supplier. Ensure to allow a minimum of 2 weeks processing time for your registration.*

Purchases will be assessed monthly and reconciled on a calendar quarterly basis. Each Account will be provided notice if they fall below the minimum monthly and total quarterly purchase requirement (\$4,500 for the three month period). Each account will have the following quarter to reach the target monthly purchase threshold. If the account is unable to meet these purchase requirements, they will be removed from the program. Credit will not be applied if the defined quarterly purchase threshold has not been met, even if the following minimum quarterly threshold has been met. Quarters are defined as the following calendar periods: January-March, April-June, July-September, October-December. An average will be taken for newer accounts who do not have a full three months.
