Registration

- Each ISC business needs to officially register by completing the online registration form provided by their sponsoring Distributor OR ACDelco Representative and approve the ACDelco ACE agreement. To enroll and opt-in to the ACDelco ACE Rewards Program, the ISC must select "YES Enrol in the ACDelco ACE Rewards Program" on the online registration form.
- The ACDelco ACE program member's official registration date will be based on the initial date the registration form was submitted.
- The ACDelco ACE member will be given a 6-digit proprietary ACDelco member account code starting with a 5.
- The ACDelco ACE member must be sponsored by an authorized ACDelco Distributor who is required to confirm and approve their sponsorship and membership.
- Each individual shop is required to pay the regular monthly fee which will be billed through the sponsoring ACDelco Distributor.
- Active ACDelco ACE members may elect to change their sponsoring ACDelco Distributor. This requires the member account to complete, sign and authorize this via a Sponsor change form, and for this to be approved by the local ACDelco District Manager and new Sponsoring Distributor.
- ACDelco ACE member owners who own multiple businesses are required to register each shop individually, attain a membership for each business and pay the full membership fee for each individually addressed shop if they would like to have each business participate, including earning rewards for each business' purchases, and participating in promotions. A shop that has not registered but is affiliated through ownership will not gain access to the program benefits and will not earn rewards for the monthly purchases for that non-registered shop. Only officially registered shops who

have gained membership through the Sponsoring Distributor and ACDelco approvals will qualify for program benefits and rewards regardless of if the businesses are under the same corporation or owned by the same individual. This includes participation in program promotions.

- Mobile repair facilities demonstrating their qualification as an ISC, and complete repairs at customer locations must have a physical business address to participate in the ACDelco ACE Program and like above would need one membership per business/location.
- An ISC can be a member of only one ACDelco membership program.
- Active ACDelco PSC, RSSP and Key Fleet members cannot also register for this program. They can however cancel one membership and register for another if approved by ACDelco and the Sponsoring Distributor.
- If an ACDelco ACE program member registers after the monthly membership billing has been processed, their first charge is processed the following month, however they gain access to all program benefits and logins as soon as they are fully approved. Rewards earnings and membership billing start the month of registration.

Cancellation

- Each ACDelco ACE member may cancel at any time for any reason, and is preferred to give notice by the 15th of the month, by completing in full and signing a cancellation form.
- If the ACDelco ACE member account cancels, they will not be billed or earn rewards for that cancellation month. If membership billing is already processed before the cancellation is submitted, the membership fee will be credited in the next month's billing.
- The official cancellation date is used to reconcile any benefit usage near the time of the cancellation, including rewards, which will not be earned during the cancellation month.
- If membership is cancelled and the repair facility is taken over by a new owner at a later date, they will be given a new ACDelco account code. If the new owner decides to maintain the ACDelco ACE membership without a cancellation, ACDelco will review the account and register the business with the existing ACDelco account code.
