

TURN TO THE BEST

ACDelco is driven by excellence, providing power-steering products designed to exceed your high standards. Each power-steering pump includes installation instructions specific to each pump, and an O-ring kit and pulley assembly kit when needed, so you're primed to deliver the highest-quality work right out of the gate. It's just one of the many parts that can help make earning your customers' trust, easy.

PROFESSIONAL REMANUFACTURED POWER-STEERING PUMPS

- 100% new, premium-grade seals and O-rings – always replaced with new parts and never reused
- High-temperature double-lip Viton® seals for durability and reliability
- Surface wear on cam packs are micro-finished for durable, quiet operation
- Input shaft seal surface is micro-finished for precise fit and leak-free sealings
- Thoroughly tested in simulated driving conditions and high- and low-pressure decay to ensure quality and performance
- O-ring kit and pulley assembly kit included when needed

FEATURES & BENEFITS

① Inspected and Tested Components

- **Feature:** All critical components are inspected and gauged. Daily contamination audits are conducted.
- **Benefit:** Eliminates hairline cracks and microscopic leaks to help ensure long life of the component.

② Cleaned and Restored Housing

- **Feature:** Cleaned and inspected at multiple stages in the manufacturing process.
- **Benefit:** Eliminates corrosion and rust prior to component assembly, ensuring long service life.

③ New Seals and O-rings

- **Feature:** Seals and O-rings are replaced with new parts.
- **Benefit:** Extended life and reliability of the pump.

④ Renewed Internal Surfaces

- **Feature:** Sealing surfaces are polished, restored and checked for smoothness.
- **Benefit:** Maximum sealing to eliminate leaks and ensure long service life of the pump.

⑤ Steering Pump

- **Feature:** Assembled units are 100% functionally tested for leaks and performance prior to packaging.
- **Benefit:** Helps guarantee unit performance that meets vehicle specifications.
