

NEW Coated Brake Calipers

GOLD

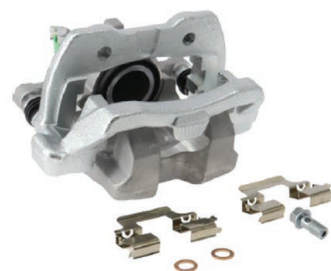

100% NEW CALIPERS

The all new ACDelco Gold and Silver aftermarket brake products are the same high-quality parts you've come to expect from ACDelco, at a competitive cost! The new aftermarket brake line has been consolidated, which makes finding and ordering the right part easier – helping you get right to your brake repair.

ACDelco GOLD 100% NEW CALIPERS ARE THE HIGH-QUALITY ALTERNATIVE TO OE PARTS BACKED BY GM.

PRODUCT FEATURES

- **100% New Calipers**
All ACDelco Gold calipers are 100% new, providing a clean, premium appearance
- **Enhanced Corrosion Protection**
Cast iron calipers are fully coated with Z-CLA (zinc clad) coating on all exposed surfaces for corrosion resistance
- **OE-Style Aluminum Finish**
Aluminum calipers retain the original natural aluminum finish for an authentic OE appearance
- **Complete Assembly Included**
All calipers come equipped with brackets where applicable
- **Durable Bracket Construction**
Caliper brackets are manufactured from cast iron to help ensure structural strength and durability
- **Smooth Caliper Operation**
Calipers are designed to slide smoothly on pins for proper brake function
- **Reduced Brake Drag**
Free movement of the caliper on guide pins helps minimize binding and potential brake drag
- **Copper Washers & Hardware Included**
All calipers are supplied with copper washers and hardware kit clips where applicable
- **Optimized Performance**
Calipers deliver excellent residual torque and sliding force performance
- **Corrosion Resistance Tested**
Salt spray tested ASTM B117
- **High-Performance & Police Applications**
High-performance and police calipers feature cast iron construction with 6-piston front calipers / 4-piston rear calipers

Refer to the electronic parts catalogue for the most up-to-date applications and a complete list of parts.
