

ACDelco *Advantage* **BRAKES**

■ **ADVANTAGE ROTORS**

NEW COATED COOL SHIELD™ PROTECTIVE COATING

- Meets or exceeds salt-spray test regulation
- Available Coated and Uncoated
- Edges and vanes remain clear for optimal cooling
- Meets SAE Standards for Tensile Strength
- Minimal thickness variation
- Competitive price point
- Are mill-balanced, no extra weights are needed
- Coated Rotors have a 2-year/40,000kms limited warranty*

■ **ADVANTAGE FRICTION PARTS**

CERAMIC AND SEMI-METALLIC

- Chamfered, slotted and shimmed to provide similar fit, form and function as the OE Service part
- Have multiple formulations that are specific to the vehicle application
- Are made on a gray backing plate to easily differentiate from ACDelco Professional or ACDelco OE Service parts
- 20,000 km limited warranty*
- With updated applications to cover more late model vehicles!

INCLUDES OE TYPE STAINLESS STEEL ABUTMENT CLIPS

*Warranty as of February 3, 2020. See your parts supplier for details.

OUR COMPLETE ACDelco ROTOR AND FRICTION BRAKE OFFERING

Category	ACDelco OE Service	ACDelco Professional	ACDelco Advantage	ACDelco Performance
Vehicle Applications	GM Applications	GM and Non-GM applications	GM and Non-GM applications	Police Application
Warranty (Parts Only)	36 months/60,000 km	24 months/40,000 Km Friction only	12 months/20,000 km 24 months/40,000 km for coated rotors	12-month/unlimited Kms
Notes & Testing	These parts allow the customer to keep the parts on the vehicle that it was designed with	BEEP Analysis AMP3™ Testing for Pads	SAEJ2430 and SAEJ2784 Testing; along with BEEP Analysis	PPSV® Certified
Key Feature	Original Equipment service parts with high durability and strength, specifically engineered and tested for the GM vehicle.	Painted rotor hat and vanes designed to help resist corrosion and premature wear. Vane configuration, plate thickness and chamfer angle match the OE design. Friction with hardware included, where applicable. Coating on specific calipers and rotors.	Vane configuration, plate thickness and chamfer angle match the OE design. Vehicle specific formulation. Similar fit, form and function as OE. Ceramic and Semi-Metallic. Rotors available coated and uncoated.	Specific vane configuration in the rotors to help dissipate heat.

ROADSIDE ASSISTANCE is available to the customer if the repair is made at an active ACDelco Professional Service Centre (PSC), Automotive Care Expert Program (ACE) or Retail Service Support (RSSP) Member facility.

ACDelco PSC and PSC RSSP Accounts qualify for the Consumer Assurance Labour Reimbursement program (see complete guidelines).
